

COLLEGE PREPARATORY AND DEVELOPMENTAL STUDIES (CPDS)

STUDENT LEARNING OUTCOMES

At the point when students advance to college-level classes, they will be able to:

1. Apply reading strategies in order to understand written materials
2. Use a variety of learning strategies including time and goal management, note-taking and test-taking techniques
3. Apply correct grammar and mechanics in the writing process
4. Write well-organized paragraphs and essays that conform to Standard American English
5. Employ basic math skills with whole numbers, fractions, decimals, ratio and proportion, percent, area and volume, exponents, radicals, signed numbers, and solution of simple equations
